Budget Estimates for 1899-00 of the Industrial School Mysore

Indexed & Sent back

Countersigned
for Secretary

G1 B—10 000—2. 3 1

Dget Estimates of the Industrial School Mysore for 1899-1900
es & the Revised Estimates Compd)

what minor heads or items of the original detailed Budget the reduction
made?

by the Hony Secretary of the Ind' School is less than that for the last year In the absence of
the Hony Secys explanatory memo, ~~do not purport any reduction~~ the original Estimates are
the Revised Estimates For details ~~as to~~ the minor heads ~~in the correspondence~~ see Cargl

al Estimates against the item 1, Timber" has been reduced to 1000, secretary's marginal notes
really reqd I think Rs 1000 is ample". ~~Grand Wood has been promoted~~
nal Estimates against item 2, " Iron, steel, Brass etc" has been reduced to Rs 600
l notes — "Will not Rs 600 do?" ~~The reduction of Rs 800 to 600~~
al Estimates against item 4 " Clay, quartz, Gypsum, Colors etc" has been reduced to Rs 500
Will not 500 do? There is no corresponding increase estimated under Receipts
other minor heads have been retained, the same provision as last year having been mostly repeated
reduction under the 4d is Rs 1700 as explained above

ter — No reduction.
altered as it is of a fixed character. Item 2 "Temporary sheds" has been reduced from 400 to 350
gard Item 2 — Why should there be a fluctuating item to such an extent?" Hence reduced to the
of Rs 350 under the instructions of the Comptd General Item 3 "Construction of Tanks and Oven" has
400 to 300 which is the last years provision
tal reduction Rs 150

ter — No reduction
Rs 1688) be appreciably reduced The last years provision Rs 1270 has been repeated
B Reductions Rs 414
ns do not seem to warrant it"

acter — No reduction

ure oil etc - do not seem to admit of reduction

between the original and Revised Estimates is 20,117 − 17853 = 2,264 — (1)

between the Estimates of
- 1899 & the Revised Ests for 1899 1900 — 18,446 − 17,853 = −593 — (2)

between the Estimated Receipts and Estimates of Expenditure 1899-1900 — 17,853 + 2630 = 15223 — (3)

6/11/9

Revised Budget Estimate.

Note (2)

Budget Estmates of the Industrial school, Mysore, for the year 1899-1900

The Receipts and Expenditure as estimated by the Dfl are as follows

	Estmates for 1898 99	Estmates for 1899 1900	Increase
Receipts	2,595	2,630	35
Expenditure	18,446 ×	20,117	1671

Receipts —

I The small increases under the heads I & III Carpentry and Smithy classes may be accepted

II Expenditure

(1) The provisions under the heads III Scholarships
V Contingencies
VIII Establishments, are of a fixed character and there are no variations in them under the Head IX Night Class, the same provision as last year has been entered

(2) Most of the items under the other heads show variations as they are of a fluctuating nature being dependant upon the stock on hand of implements and tools etc required in each year

(3) No provision has been made under the head —

may be altered

Reasons for these variations are fully explained in the Dirs Secys memo

reference of 16 2 00 sanctioned in the Govt No 6144-45 d 16 11 98 for purchasing the necessary attachments to the machine for making Jellies and Brushes

head VIII Weaving Industry +

III Along with the Budget the following proposals have been made, in separate communications

(1) To raise the present provision for House Rent to Rs 720 (or Rs 60 per mensem, the present monthly rent being Rs 50) to secure better accommodation for the school

The want of a proper accommodation for the Industrial school has been felt for a very long time and it was proposed by the Dyl that, when the office be removed to Bangalore, the Executive Engineer's office may be removed to the Public office, Mysore, and the Industrial school may be given the Executive Engineers office building. Mr Bhabha's office has now been ordered to be removed to Bangalore. The question of locating the Industrial school in the Executive Engineer's office may now be decided. Meanwhile, the increased provision of Rs 720, may it is submitted, be made in the Budget and the Dyl directed that it should not be utilized till the question referred to above is settled

(2) To provide a † sum of Rs 200 a year on account of

+ Please see page 9 of the Secy's memo.

Secy to Fin. Dept.

After Mr Bhabha's return from vacation & after consulting the Chief Engr regarding the matter, I shall be in a position to submit a definite proposal in this connection. Meanwhile, there is no objection to the Dyl being asked to report about this after communicating with the Chief Engr.

Yes

Secy to Govt

Please see the file & office note

19 5 99 (illegible)

The Dyl may be asked to report about this after communicating with the Chief Engr

Yes

Secy to Govt

† Fees with probably be a charge recurring every year.

File marked II

of Travelling allowance to the Supdt of the School for his journey in and out of Province to visit Centres of Industry and to keep himself informed of the latest improvements in art and industry

(3) To erect a factory in connection with the school for the manufacture of tables, trucks and chairs the estimated cost for the first year being Rs 30180 as per details and plans submitted by the Honorary Secretary. This was proposed in the year 1897-98 in connection with the Budget of that year But this was reserved for further consideration vide remarks of the 1st Councillor No 7614 d 2.11.97 serial No. 43 a of the File now if the question of providing a better accommodation be settled by procuring the Executive Engineers office as mentioned above, the provision of Rs 30180 may be considered alongwith the Budget

Submitted with the necessary references

30/9/98 HLS

Supdt's orders 1/10/98

This work should be carried out in the year 1898-99 and may be omitted 1/10

Rs 10800 is provided for permanent construction

Mr. Bhatia does not say where this is to be erected the question of site demands prior consideration.

Sub. Estimate 3/10/15

Dated the 14th

This is not a very satisfactory Budget. Some reductions seem possible (with notes in the margin of the Clerk's work) - The Budget was considerably delayed - 3 months of the year have already elapsed

A revised estimate will be required for Council after 14th - papers ordered yesterday. The renewal item

123 Cr.

a very inadequate Budget, amount of Clerks instructions &c without proper staff of men to work and without a good deal of

To a suitable building as available & the qr q summary instructions cannot be considered Fair the present Qr' prepare the Budget as we had upon seeing all new proposals for purchase machines &c till the qr q building is settled

Note When the Qr' Rates have been the School shall be closed if they can make it convenient to accompany me

11/10/99

The Clerk's estimates will then require to be very much reduced

Budget - amount to be levied

(Note continued)

Subject Budget Estimates of the Industrial school, Mysore for the year 1899-1900

The Estimates submitted by the I Gl with the Honorary Secretary's explanatory memo have been, as per orders of the Secretary d 12 10 99, revised in this office. In doing so, attention has been given —

(1) to the Instructions of the 1st Councillor given in the margin of the office note d 30 9 99

and (2) to the Instructions of the Secretary given in the margin of the Explanatory memo of the Hony Secretary of the Industrial school

The proposals (three) mentioned in para III of the office note d 30 9 99 have been reserved (vide 1st C.R.S. order in the margin)

A statement comparing the original and the Revised Estimates with those of last year under the different Major heads has been attached wherein the original Estimates have been reduced in accordance with the Instructions referred to above, the items of the minor heads under which the reductions has been effected, have been shown in the explanatory note

Tracing No II with an Estimate for constructing a machine shed in connection with the "Tile works" proposed to be started in the Industrial school, Mysore which was recently received is herewith but

* "I would prepare the budget as in last "year reserving all new proposals for "purchase of machines etc - till the "question of building is settled"

⊛ The general tendency of Council is to reduce some of the large items

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 3149/120 Mysore, Dated the 23rd September 1899
with two Enclosures

From

H J BHABHA, Esq
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Department

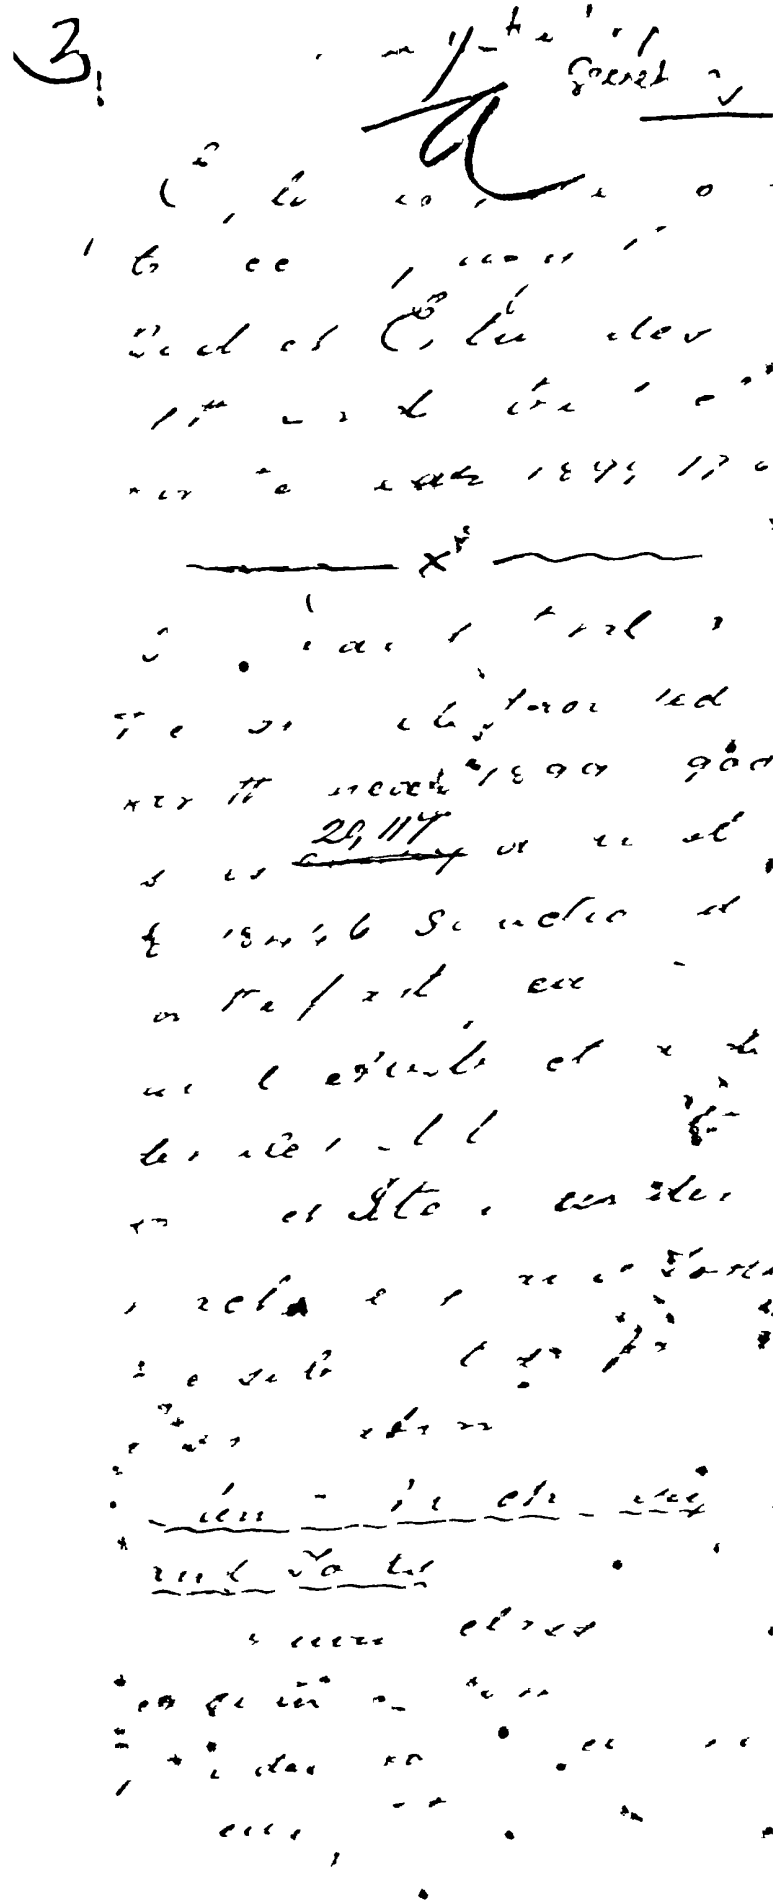
SIR,

I have the honour to submit the Budget Estimate of the Government Industrial School, Mysore for the official year 1899 1900 for approval and sanction of Government The Provisional Secretary-explanatory memo accompanies the Estimate The Estimates were passed by the Committee at a meeting held on the 11th September 1899

I have the honour to be
Sir
Your most obedient servant

H J Bhabha
Inspector General

60



4

I recorded on account
of the following items
of expenditure (1) for
obtaining a human
skeleton complete with
articulated joints for the
use of the Students ap-
pearing for the Advanced
Grade in Freehand, (2) for
two dozen freehand wall
cards for the use of the
Elementary and Inter-
mediate Standard boys,
(3) for standing articles,
such as slant tiles for
water color painting sponges
vases and models required
for the classes

(2) Modelling class

The current years grant
of Rs 312 is a little in
excess of the past years
grant - This is to provide
the class with some more
clay - casts to serve
as models for copying
and further to me

from Rs 611-11, 312

(5) Drawing class

In addition to the Ceylon Chank tracer Theodolite, and Levelling Instrument purchased from first years grant a pantograph, optical square and a clinometer are required for this class the current year for teaching these several uses A sum of Rs 112 is provided for this class against Rs 1041 sanctioned for last year

(6) Pottery class

In spite of the poor accommodation afforded by the Hall-View Premises, both roofing and flooring tiles were made experimentally and submitted to the Chief Engineer who approved of them and small trial orders for flooring tiles from the Executive Engineers

the small tools & machinery of Rs 200 has therefore been provided for the purpose in this year's Budget Last year's provision of Rs 150 was not utilized The Punch, File and Pipe-making machine and the Peg-mill require wooden framework and other attachments if they have to be worked in the current year a provision of Rs 660 is therefore made for this class

(7). Rattanwork class

A considerable portion of the time of this class is occupied in the preparation of cane into strands of different sizes before being worked out into various articles of cane-work such as tiffen baskets trays etc A Cane-splitting machine is therefore provided for the use of this class This entirely

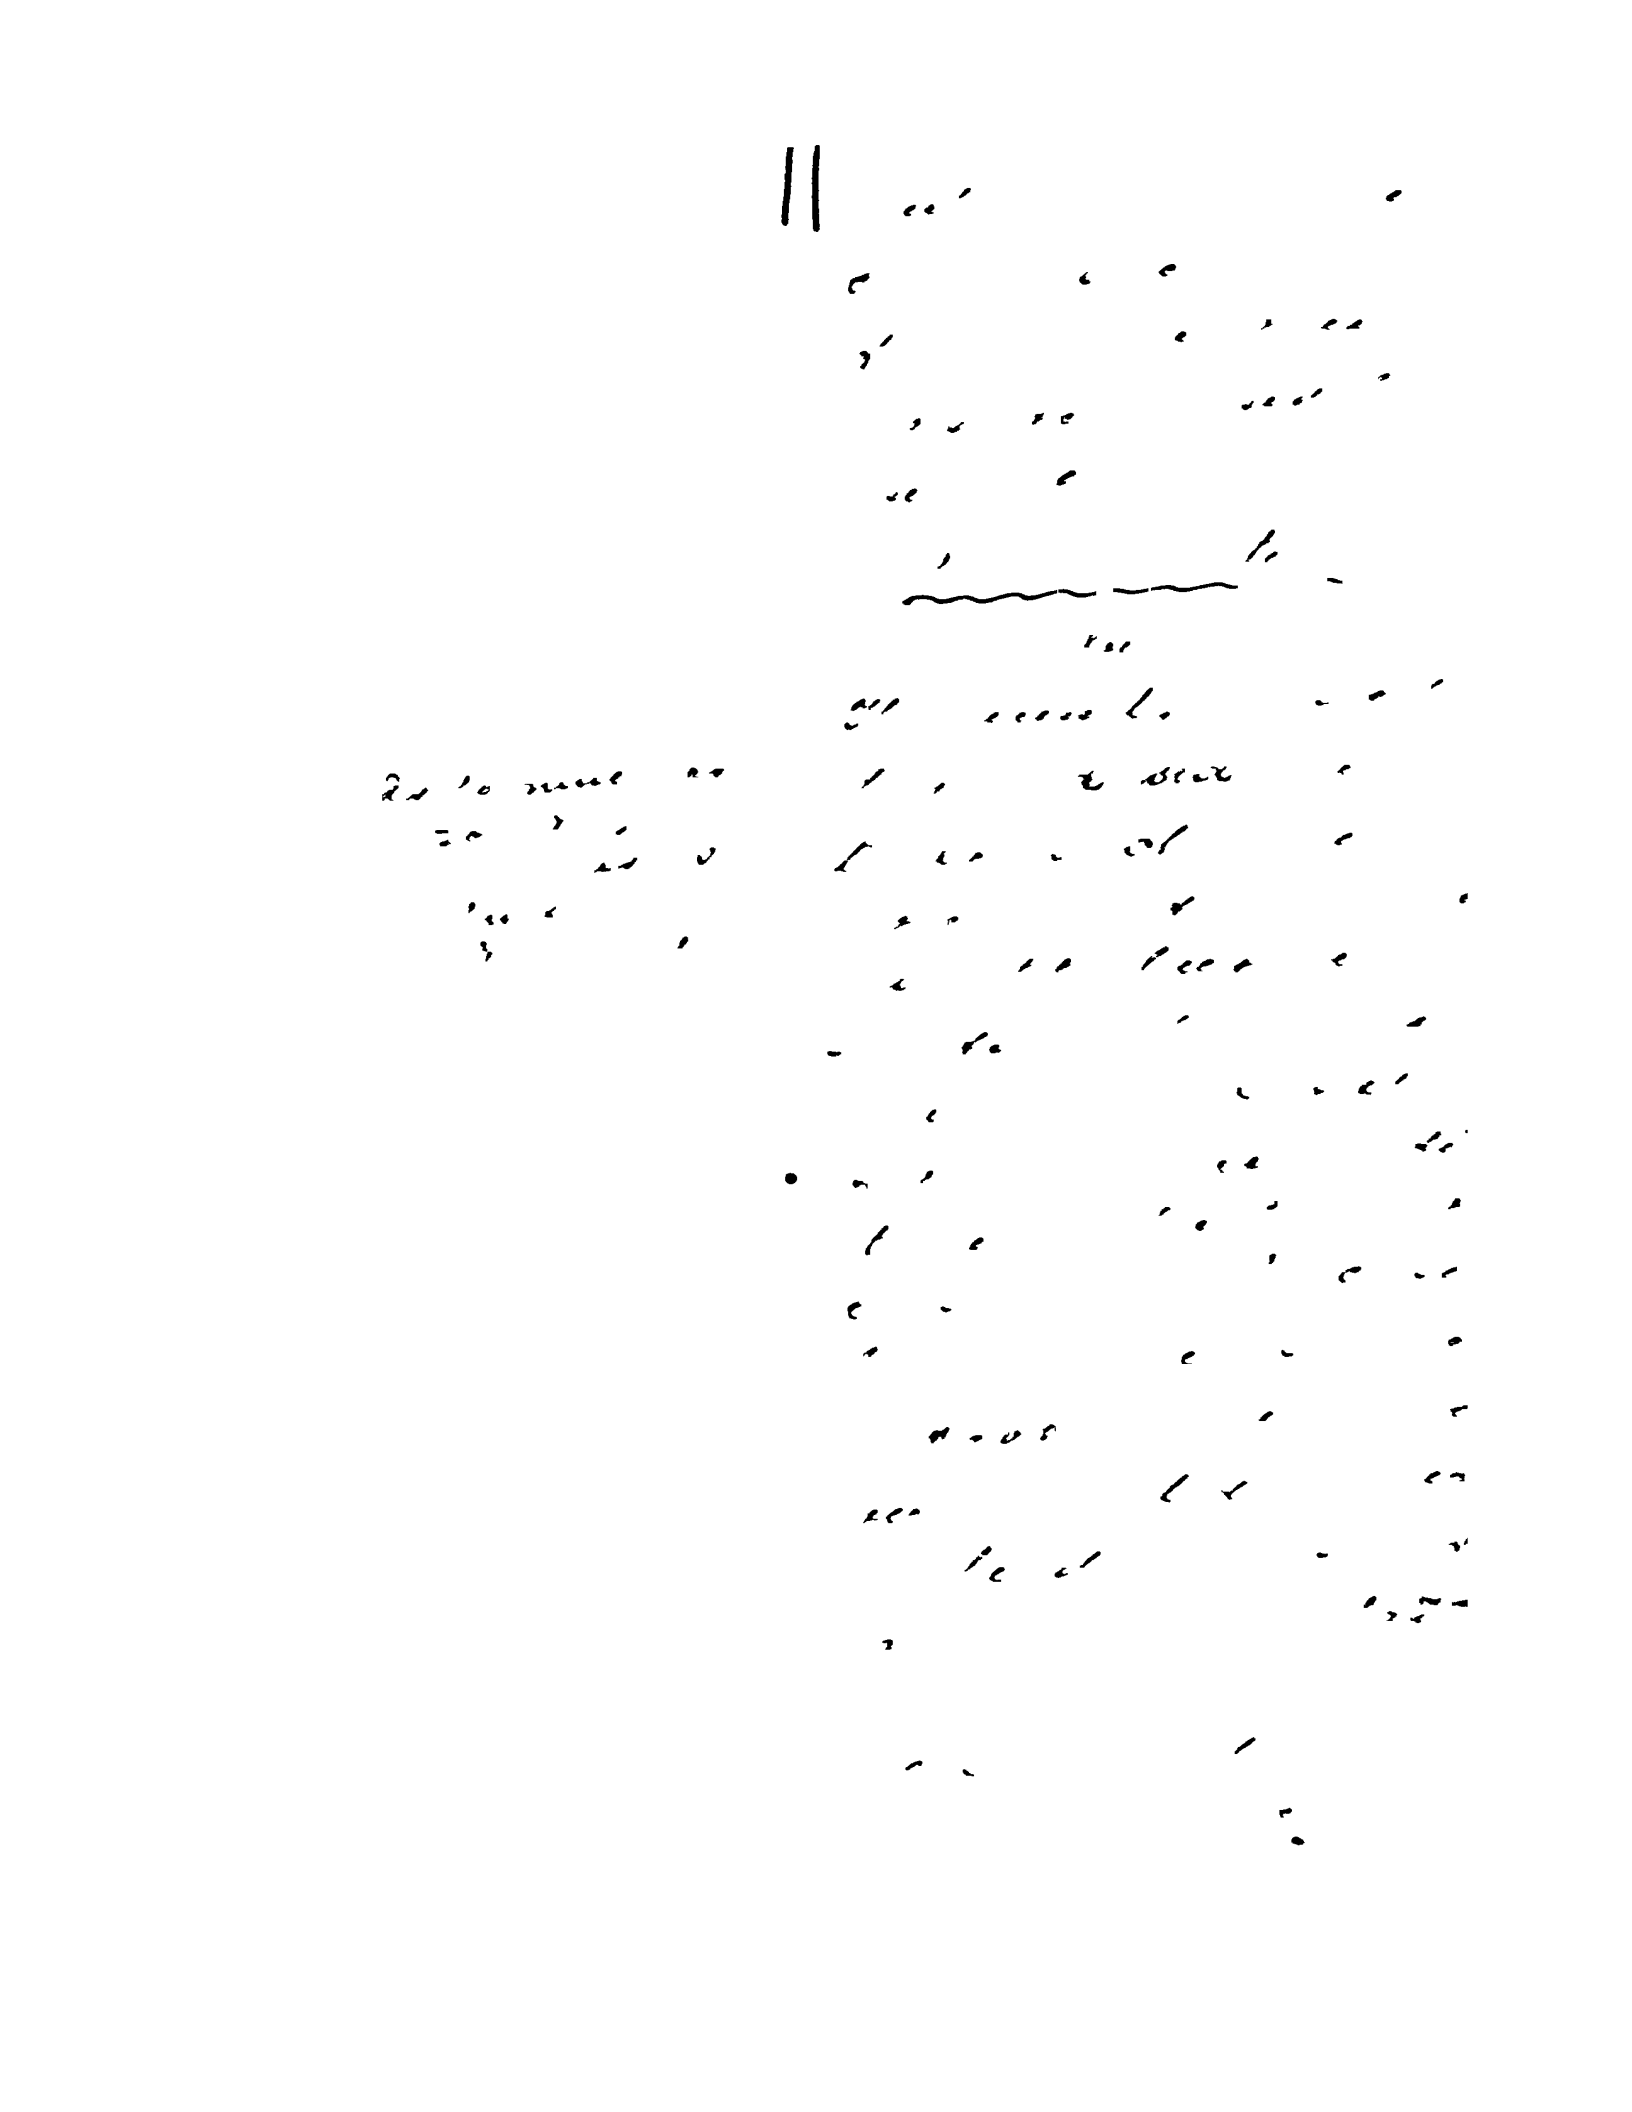
9.

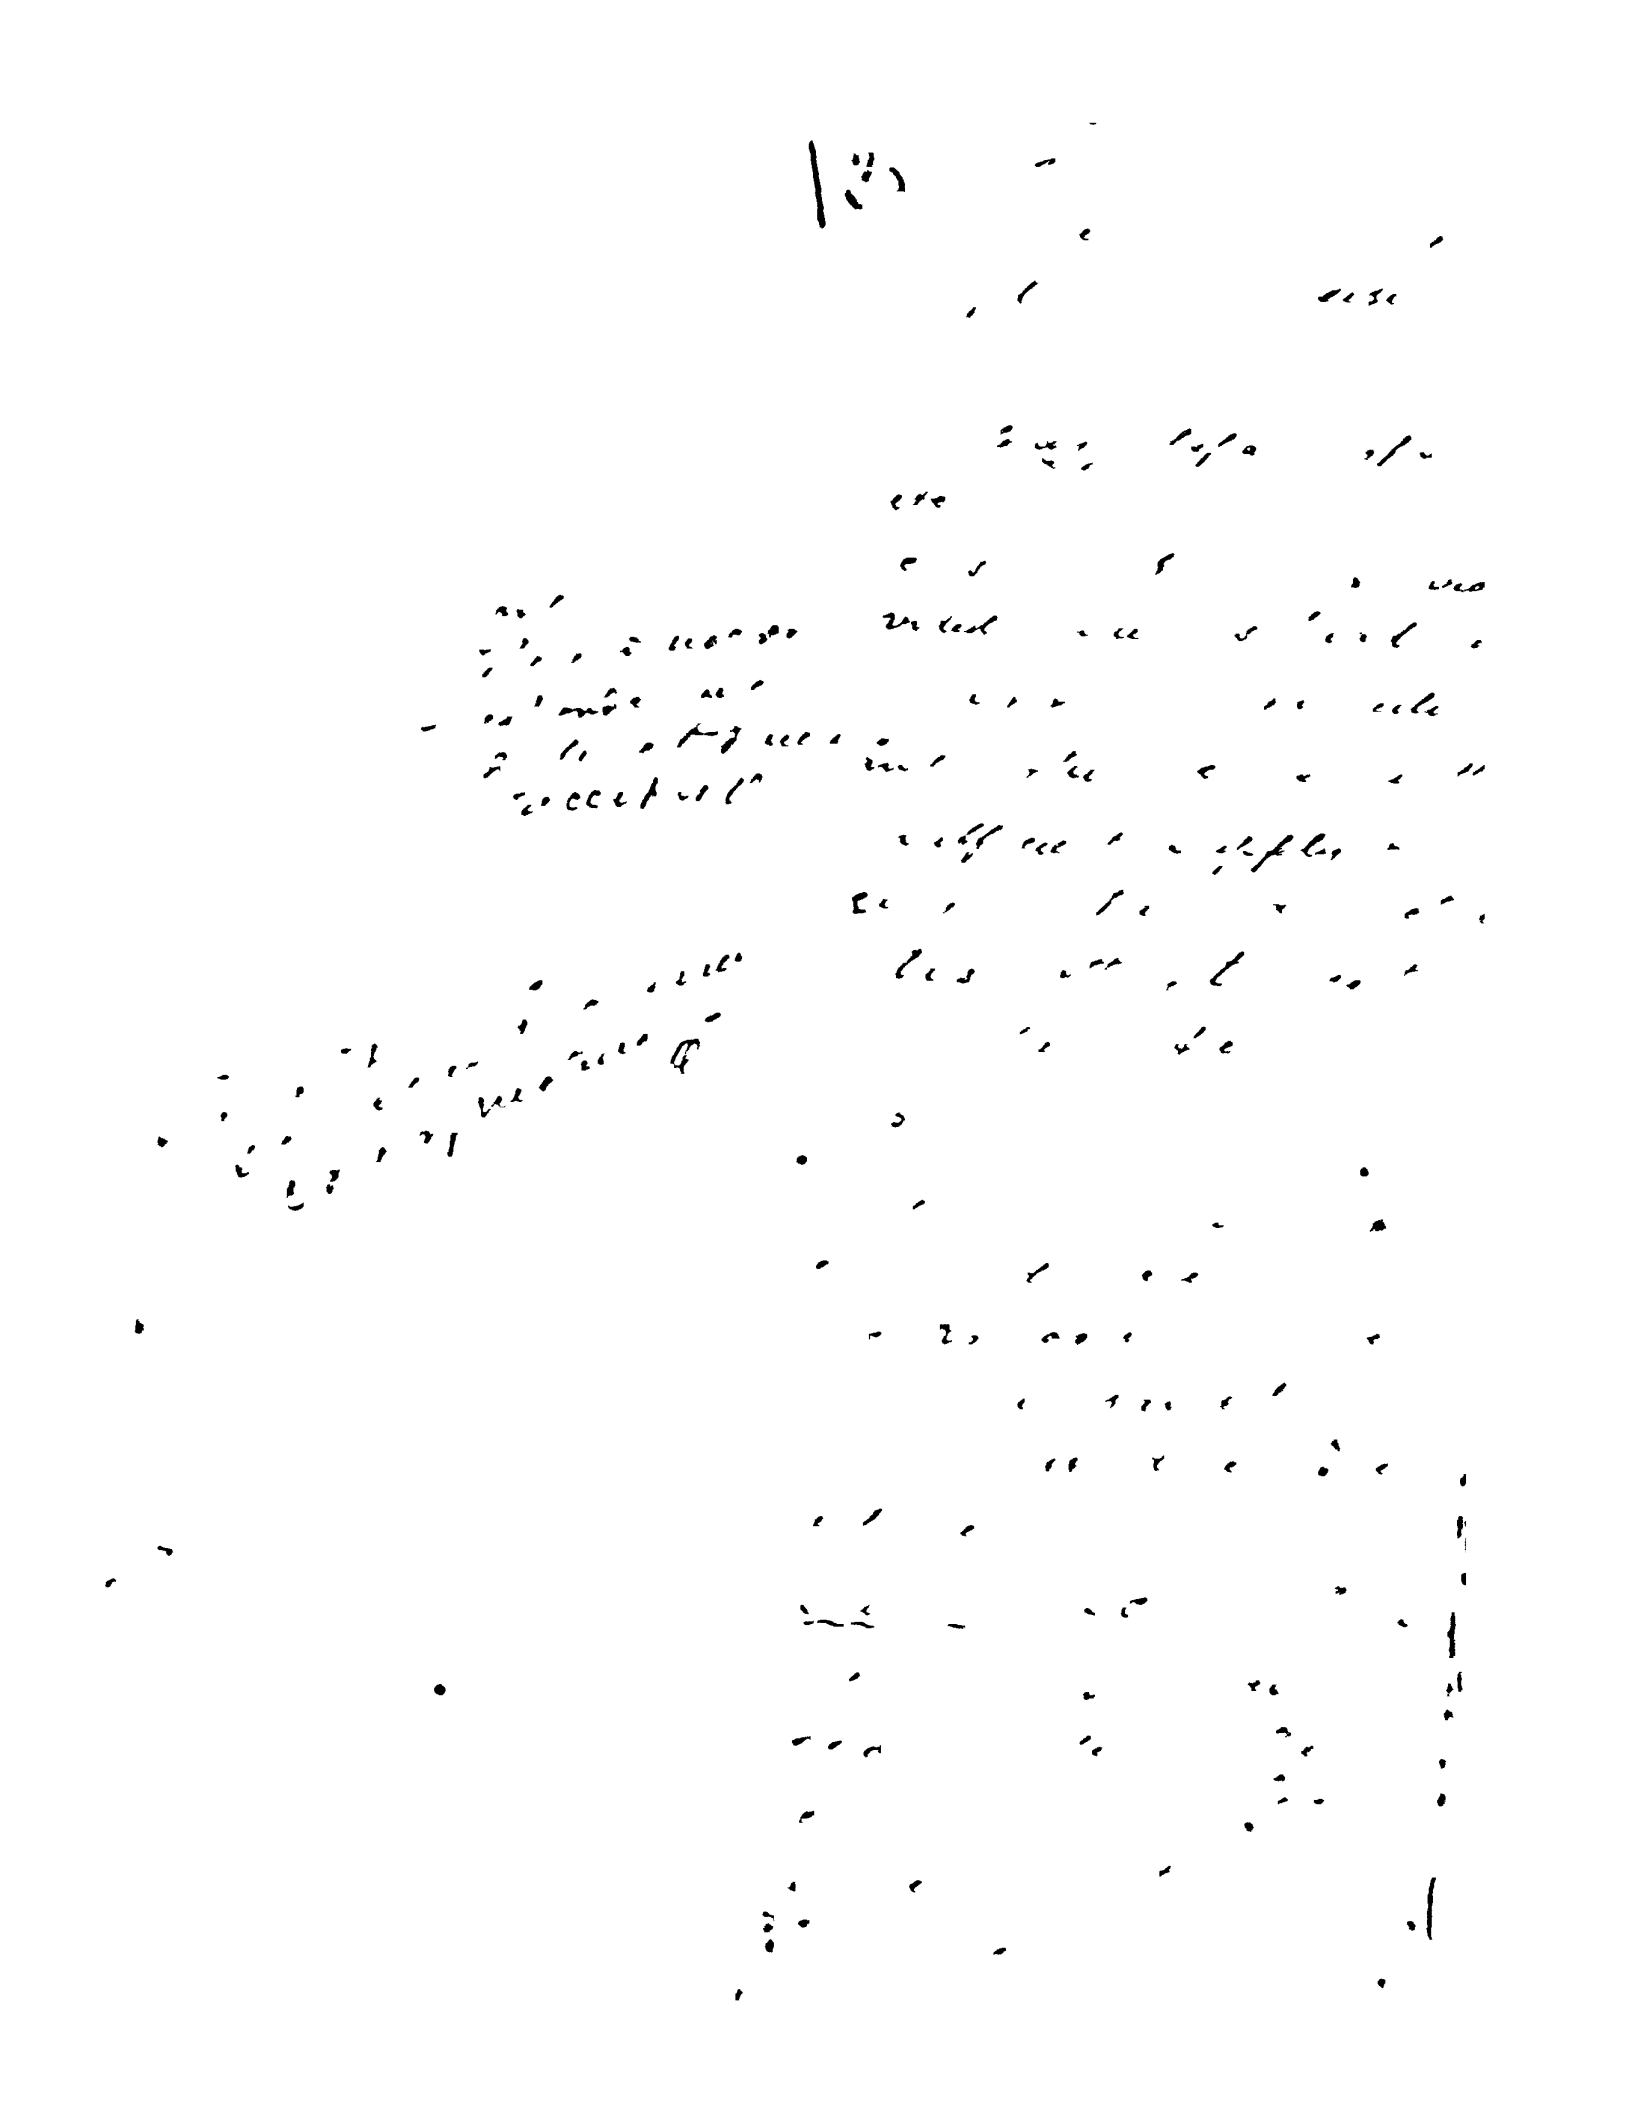
10

(8) [illegible] for
[illegible] for the purchase of
[illegible] for this
class and in consequence
[illegible] a fresh patent lathe
[illegible] which is to [illegible]
time for turning, shaping,
slotting, and drilling bars
[illegible] for this
[illegible] small articles
[illegible] general use of clock
[illegible] and a power-
ful lamp for all
kinds of brazing jobs,
[illegible] also for a small [illegible]
of Rs 655 is therefore
asked for this class, [illegible]
against Rs 1849 sanctioned
for last year

(9) Furniture

The same for [illegible] of
Rs 190 is [illegible] Asm 1897-98
[illegible]





[illegible] Class [illegible]
[illegible] Class [illegible]
Class [illegible] [illegible]
co [illegible] with the
[illegible] revised scale of
scholarships for [illegible] of
class has been submitted
to Government for sanc-
tion. The total amount
sanctioned under this
head, has not yet been
utilized for the last two
years Government sanction
is therefore solicited for
giving effect to the increase
sanctioned in the previous
year

Item IV Rent of Building

(1) The present premises
occupied by the School
are found to be quite
insufficient as regards
accommodation both
in view to acquire a larger
but [illegible] and larger area
of open Space, if necessary
necessary to remove to
some other place. At the

it is considered advisable to go back to the premises lately occupied by the servants of the landlord (or provide landlord) A sum of Rs 720 is provided as usual under this head at a monthly rate of Rs 60

The amount proposed is struck out and made the subject of a Separate Communication

(2) Temporary sheds

A sum of Rs 600 is provided under this head against Rs 750 provided last year to construct new sheds and to repair the old ones

(3) To the schools to make it over to some other suitable building as a temporary relief for [illegible] tiles and masonry, to the effecting of which charges a sum of Rs 600 has therefore been provided under this head against

e ue te e'ou
e'a gou ofte,' ue t

Cannot this item (165a) be allowed as Revised Estimate ?

Item VI Wages of Temporary Establishment

1 (a) Annual yearly grant of Rs 100 as repeated for this year to the Superintendent

(b) Allowances at Rs 864 as proposed for this year and Rs 630 as entered last time for the year before Such as extra-
-lers, Sawyers &c it is to
contribute to the salaries
of these two
establishments

number of working hours in the School.

(2) (a) Labor, coolies etc

The present yearly provision of Rs 200 under this subhead is slightly in excess of that of the previous years grant

(b) Carthire etc

Last years provision of Rs 200 would be found insufficient if the School should move to the present premises to some other building & provision of Rs 200 is therefore made for this year

(c) Breads etc

Last years provision of Rs 100 under Sundries is retained for the current year.

Not to be altered

Hem VIII. Establishment

In accordance with para 10 of Government Proceedings No 1359-16 Judl 21

10

dated 13th Feb 1916,
no additions or in-
creases are provided
under this head with-
standing the present cost
and advancement
of living and the
Authorities refuse
to grant any
increase under this
head although the
cost of clothing
has more than
doubled during
the last year
Their pay
for the ordinary
duties
last year from
Rs 50 under 1 to 1 Rupee
14 hours under 2 annas
for the same period

Revised Budget Estimates of the Industrial School, Mysore, to go with the Budget order

READ—

Letter No 3149—190 dated 23rd September 1899 from the Inspector General of Education in Mysore submitting the budget estimates of the Industrial School Mysore for the year 1899 1900 with an explanatory memo

EXPLANATORY MEMO

The grand total of the budget provided for the year 1899 1900 is Rs 0 117 against 18 446 sanctioned for the past year The usual abstract and detailed statement for each item under Machinery and Tools are submitted for information

ITEM I MACHINERY AND TOOLS

1 *Drawing Class*—An sum of Rs 408 is provided for this class in the current year against Rs 170 provided for last year This increase is provided on account of the following items of expenditure —

(1) for obtaining a human skeleton complete with articulated joints for the use of the students appearing for the Advanced Grade in Free Hand (2) for two dozen free hand wall cards for the use of the Elementary and Intermediate Standard boys (3) for sundry articles such as slant tiles for water-color painting sponges vases and models required for the classes

2 *Modelling Class*— The current year's grant of Rs 312 is a little in excess of the past year's grant This is to provide the class with some more plaster casts to serve as models for copying and further to meet trainage and shipping charges due for some plaster casts ordered last year from Messrs D Brucciani and Sons London

3 *Carpentry and Wood Carving Class*—A sum of R 14? has been provided for this class in the current year s budget against Rs 117 sanctioned for last year This sum is required for getting a new supply of chisels planes &c in place of the old and unserviceable ones used by the class for a long time

4 *Blacksmiths and Fitters Class*—A small provision of Rs ?? is made for this class against Rs 511 provided last year This is required for the purpose of providing new tools such as files &c in place of those worn out by long use

5 *Masonry Class*—In addition to the Ceylon Ghat Tracer Theodolite and Levelling instruments purchased from last year's grant a Gunter s chain optical square and a Clinometer are required for this class in the current year for teaching their several uses A sum of Rs 112 is provided for this class against Rs 1 041 sanctioned for last year

6 *Pottery Class*—In spite of the poor accommodation of the Hill View premises both roofing and flooring tiles were made experimentally and submitted to the Chief Engineer who approved of them A small trial order for flooring tiles from the Executive Engineer Bangalore Division has been complied with A Lift and Force Pump obtained from last year's grant supplies water for the tile manufacture The Double chamber brick tile and pipe making machine ordered last year has just arrived from England This useful machine cannot be worked satisfactorily as there is hardly any room in Hill View where the machine and the Pug mill can be worked together A wooden model of drain pipe jointing machine was designed and completed last year It was not possible to make a full sized machine of this kind as there were some alterations to be made in the model itself A sum of R ?00 has therefore been provided for this purpose in this year s budget Last year s provision of Rs 150 was not utilized The Brick Tile and Pipe making machine and the Pug mill require wooden frame work and other attachments if they have to be worked in the current year A provision of Rs 660 is therefore made for this class

7 *Rattan Work Class*—A considerable portion of the time of this class is occupied in the preparation of cane into strands of different sizes before being worked up into various articles of cane work such as tiffin baskets trays &c A Cane splitting machine is therefore provided for the use of this class This is entirely removes the difficulty generally experienced by beginners in this craft to split canes for work and to slit them into strands of uniform thickness The use of this machine further gives to cane work a superiority over needle work as an useful occupation for men and makes this handicraft the simplest

that can be learnt by any one in a short time With the help of this labour saving machine the cane worker will find it very easy to earn twice or three times that they would earn without it A sum of Rs 670 is therefore provided under this head Messrs Ransome & Co Stanley Works, Chelsea London, are the sole makers of this machine (*vide* Ransome s Catalogue page)

8 *Machine Class* —Accommodation forbids the purchase of new machinery for this class and in consequence only a few patent lathe attachments such as those for milling shaping slotting and drilling have been provided for this year A small out fit for cycle repairing consisting of a good set of stock and dies and a powerful lamp for all kinds of brazing jobs, is also provided A sum of Rs 605 is therefore asked for this class, against Rs 147 sanctioned for last year

9 *Sundries* —The same provision of Rs 120 is retained for the current year as in 1897 98 to meet any unexpected charges such as variations in the price of tools, &c caused by a rise in exchange

ITEM II, MATERIALS

1 *Timber* —The necessity for stocking dry and seasoned timber such as teak rose-wood &c , in large quantity becomes imperative when large orders for the supply of fur niture are undertaken in the carpentry class as was the case last year A sum of Rs 2 000 has therefore been provided under this head against Rs 800, provided for last year

2 *Iron Steel Brass, Aluminium &c* —In addition to the supply of metals, such as iron, steel brass &c , a small quantity of aluminium sheets and ingots is required for manu-facturing cooking utensils, tumblers water bottles and travelling out fits as these have become one of the principal wants of the present day Both hammered and cast work in this new metal were tried successfully and there is a wide field of usefulness for an alu-minium work shop in the school similar to the one started at the Madras School of Arts by Mr A Chatterton B Sc of the Civil Engineering College A sum of Rs 800 is therefore provided under this head against Rs 600 provided for last year

3 *Cane Twine Bamboos &c* —Last year s grant of Rs 500 for this class is reduced to Rs 300 for this year as there is a small supply left unused of cane purchased last year

4 *Clay Felspar Gypsum &c* —A sum of Rs 1 000 is provided under this head for supplying the modelling and pottery classes with a sufficient supply of clays for the manufac---e of tiles pottery, terracotta and other articles

5, 6 and 7

Last year s provision of Rs 300 under Screws Nails &c, Rs 500 under fuel for the kilns, and Rs 100 under sundries are retained for this year

ITEM III SCHOLARSHIPS

The provision of Rs 3 300 made for the current year is the same as last year s this includes the sum of Rs 900 provided for the Weavers Class at Chamaraja Mogga In con nection with this item a revised scale of scholarships for each class has been submitted to Government for anction The total amount sanctioned under this head has not yet been utilized for the last two years Government sanction is therefore awaited for giving effect to the increase sanctioned in the previous year

ITEM IV, RENT OF BUILDING

(1) The present premises occupied by the school are found to be quite insufficient as regards accommodation With a view to acquire a larger building and larger area of vacant space, it seems necessary to remove to some other place If the Executive Engi-neer s office premises are not available it is considered advisable to go back to the premises lately occupied by the School in Nazarbad owned by a private landlord A sum of Rs 720 is provided as usual under this head at a monthly rate of Rs 60

(2) *Temporary Sheds* —A sum of Rs 400 is provided under this head against Rs 350 provided last year to construct new sheds and to repair the old ones

(3) If the school is to make a move to some other suitable building a temporary kiln for burning tiles and masonry tanks for preparing clays have again to be constructed A sum of Rs 400 has therefore been provided under this sub head against Rs 300 sanc-tioned last year This sum also covers the repairing charges of the present temporary kilns and tanks

ITEM V, CONTINGENCIES

(1) Last year's provision of Rs 300 is retained for the present year to supply the school with a set of furniture required for the school This item may be reduced in future budgets

Sub heads 2 3 4 and 5 —Last year s provision of Rs 150 100 190 and 50 are retained for this year under the respective heads.

6 *Sundries* —A sum of Rs 400 is provided for this year against Rs 200 sanctioned last year to enable the Superintendent to travel in and out of the Province to secure good materials such as Trincomalee wood white cedar Singapore canes aluminium kaolin felspar fusible earths for glazing &c as well as to enable him to be in touch with all the latest improvements in the equipment of Technical Schools Workshops tileworks or other industrial centres in India

ITEM VI WAGES OF TEMPORARY ESTABLISHMENT

1 (a) Last year s grant of Rs 120 is reported for this year as the pay of the wood-carver

(b) A sum of Rs 864 is provided for this year against Rs 630 sanctioned last time for engaging artizans such as carpenters sawyers smiths etc and to execute large orders which the boys alone could not complete owing to the limited number of working hours in the school

2 (a) *Labour Coolies etc* —The present year s provision of Rs 300 under this sub head is slightly in excess of that of the previous year s grant

(b) *Cart Hire etc* —Last year s provision of Rs 200 would be found insufficient if the school should move from the present premises to some other building A provision of Rs 300 is therefore made for this year

(c) *Sundries* —Last year s provision of Rs 100 under sundries is retained for the current year

ITEM VII ESTABLISHMENT

In accordance with para 10 of Government Proceedings No 13509 10—Ed 499 dated 13th June 1896 no additions or increases are provided under this head without obtaining the previous sanction of Government

ITEM VIII WEAVING INDUSTRY

No provision is made under this industry as almost all the houses in Weavers lines have been occupied as health camps Besides this there are at present a sufficient number of European hand looms to keep the class working

ITEM IX NIGHT CLASSES FOR GENERAL INSTRUCTION

Last year s provision of Rs 50 under 1 and Rs 144 under 2 are retained for the current year

---

No 6610 11—Ed F 4 99 DATED BANGALORE 8TH DECEMBER 1899

ORDER THEREON—

(1) *Receipts* —The small increases anticipated under the heads —

I Carpentry Class
III Smithy Class are accepted

(2) *Expenditure* —Pending the provision of a suitable building for the Industrial School and pending also an improvement in the outturn of work which at present is somewhat disproportionate to the expenditure Government are not prepared to increase the allotments under the following major heads as proposed —

II Materials
IV Rent of buildings and
VI Wages of temporary establishments

The provisions made for the last year under these heads will therefore be repeated this year The estimates under the other major heads except VIII Weaving industry under which no provision has been made will stand

(3) With the foregoing remarks the budget estimates of Receipts and Expenditure of the Mysore Industrial School for 1899 1900, are sanctioned as per accompanying appendix of which an abstract is given below —

Abstract of the Revised Budget Statement of the Indusrial School, Mysore, for 1899 1900

Receipts			Expenditure.		
Details	Estimates for 1898 1899	Estimates for 1899 1900	Details	Estimates for 1898 899	Estimates for 1899 1900
	Rs	Rs		Rs	Rs
I Carpentry Class	1 170	1,200	I Machinery and tools	3 704	3 131
II Rattan Class	330	330	II Materials	3 300	3 300
III Smithy Class	245	250	III Scholarships	3 300	3 300
IV Pottery Class	360	360	IV Rent of buildings	1 2 0	1 2 0
V Machine Class	390	390	V Contingencies	920	920
VI Wood carving Class	70	70	VI Wages of temporary establishment	1,270	1 2,0
VII Miscellaneous	30	30	VII Establishment	4 488	4,488
			VIII Weavin industry		
			IX Night Class	194	194
Total	2 59ɔ	2 630	Total	78 446	17 8ɔ3
	35			593	
	Increase.			Decrease	

(4) Government regret to observe that there has been considerable delay in the submission of this budget The Inspector General is requested to see to its punctual submission in future

(5) The Inspector General is requested to report whether a Stock Account of Tools Machinery and Plants of the Industrial School is maintained If not one will now be opened and a copy submitted at once for the information of Government Both details of stock and its value should be shown in the account and all new purchases duly entered up as they are made from time to time

C SREENIVASIENGAR,
Secy to Govt, Gen & Rev Depts

To—The Inspector General of Education in Mysore
The Comptroller to the Government of Mysore
